Validity of Competition / Validez de la Competencia

A valid Masters World Championship is held only if there are at least four (4) boats from four(4) different nations in the event. If during the event some competitors drop out or do not finish, the validity of the Championships is not affected.

If the above criteria not achieved 10 days before the first day of the competition the events will not be a World Championships. They may still be held but will have Masters Cup classification.

The protocol for the medal presentation or prize giving should be less formal than for the World Championships without the use of National Anthems. Suitable medals, trophies or prizes should however be awarded to give appropriate recognition to the top masters in each age group.

Medal presentations will only be held in the Masters Cup events if 3 or more boats complete the race.

No medal presentation will be held unless all three individuals or combinations are present.

After the race, the first four (4) boats may be inspected to ensure they comply with the equipment regulations.

Un Campeonato Mundial de Masters válido se lleva a cabo solo si hay al menos cuatro (4) barcos de cuatro (4) naciones diferentes en el evento. Si durante el evento algunos competidores abandonan o no terminan, la validez de los Campeonatos no se ve afectada.

Si los criterios anteriores no se alcanzan 10 días antes del primer día de la competición los eventos no serán un Campeonato Mundial. Todavía se pueden celebrar, pero tendrán clasificación de la Masters Cup.

El protocolo para la presentación de medallas o la entrega de premios debe ser menos formal que para los Campeonatos del Mundo sin el uso de himnos nacionales. Sin embargo, se deben otorgar medallas, trofeos o premios adecuados para dar el reconocimiento adecuado a los mejores maestros en cada grupo de edad.

Las presentaciones de medallas solo se llevarán a cabo en los eventos de la Copa Masters si 3 o más barcos completan la carrera.

No se llevará a cabo ninguna presentación de medallas a menos que las tres personas o combinaciones estén presentes.

Después de la carrera, los primeros cuatro (4) barcos pueden ser inspeccionados para asegurarse de que cumplen con las regulaciones del equipo.
